## IQ Academy - The Business Short Course Department

IQ Academy offers prospective students the opportunity to complete Short Courses in a number of faculties, thereby enabling students to access relevant Business Short Courses aimed at improving the students' career opportunities and employability, by preparing them for the 'real working world'.

The Short Courses which are available in easy to understand "plain language" English are compiled by senior academics with more than 130 years combined educational experience. They are reviewed annually to ensure that our high standards of education are maintained.
